

Christmas 2021 - Greetings everyone. Reading last year's "non-newsletter" my first reaction was to update the year and repeat. But despite COVID, we have managed a few short trips to, and visits from, family & friends. Life at home remains pretty normal, keeping busy with volunteer activities, while golf and the horses provide much needed recreational enjoyment. Linda's riding has been curtailed by shoulder surgeries and a broken wrist but the Docs are keeping us patched and reasonably whole. Our pet population has blossomed to include two small dogs (Vinnie & Bruiser, our Mafia "enforcers") and two kittens (Archie & Lillibet), all very active. Two horses (Sunny Girl & Tio) remain stabled nearby. We remain hopeful for the future and a return to some normality, to include travel. We have been saddened by COVID but personally have stayed well and safe; we very much wish the same for you and sincerely hope 2022 will be a much better year for everyone. Wishing you and your loved ones a very Merry Christmas and a Happy and Healthy New Year. **Chad & Linda**
